International Society for  
Integrated Disaster Risk Management

## Opportunities of Interest

### Postdoctoral Research Assistant

Boulder, USA

This position will assist in the development of two new platforms and corresponding networks designed to help researchers respond to and overcome long-standing challenges to rapid research. Duties include identifying and mapping researchers engaged in hazards and disaster research, coordinating researchers ...

### The Society for Risk Analysis-Asia Conference (SRA-Asia) 2018

13-14 March 2018, Osaka, Japan

Conference Theme: "Communication and collaboration in diversity of researches in East Asia"

"We have variety of risk issues to be analyzed. Natural disasters, climate change, accidents by science and technology, chemicals, radiation, EMF (electromagnetic field), food safety, insurance, risk administration of governance and business, war, terrorism, consensus formation, and so on. Each risk issue cannot be solved with single traditional academic field. The solution will be brought through interdisciplinary approach."

The deadline of author registration is extended by 30 October 2017.

## Call for Proposal

### Disaster Risk Reduction (DRR) Curriculum Certificate Program Natural Hazard Mitigation Association

The Natural Hazard Mitigation Association is now accepting proposals to develop a Disaster Risk Reduction curriculum certificate program at the college level. Contractors will use existing materials, work with other programs to procure additional materials, and assist with establishing state and academic certificate requirements. Proposal applications should include a cover letter, list of team members, at least two references, and a price estimate. For more information, view the proposal submission guidelines NHMA web page.

Deadline: 5 October 2017
