### **IDRiM Conference 2019**

It is with great pleasure that we invite you to this year's IDRiM Conference, which will be held in Nice, France on October 16-18! The 2019 annual event for researchers and practitioners in <u>Integrated Disaster Risk</u> <u>Management</u> (IDRiM) will focus on the issues of *"Knowledge-based Disaster Risk Management: Broadening the scope by "Smart Territories" for Sustainable and Resilient Cities and Organizations"*. The exciting programme includes *plenary keynote speeches* 

and *expert panel interviews and discussions*, as well as an extensive assortment of *oral and poster presentations*, along with *tutorials* on core concepts, methods and tools that have been developed by the IDRiM community! For more information and updates please visit the <u>IDRiM2019 Conference website</u>.

**Opportunities of Interest** 

#### Master's Degrees in Disaster Management

The *Humanitarian and Conflict Response Institute* (HCRI) at the <u>University of Manchester</u> offers *two masters courses in Disaster Management* designed to provide participants with theoretical knowledge and practical disaster risk management skills. The <u>International Disaster Management MSc</u> course provides students with the expertise to enhance resilience to disasters through prevention, preparedness, response and recovery from natural and man-made disaster events. The Disaster Management: Resilience, Response

and Relief MSc (Online) is a part-time online course in disaster management and humanitarian aid, which offers field placement opportunities and allows students to study from anywhere in the world while continuing their work.

## **Conferences of Interest**

44<sup>th</sup> Annual Natural Hazards Research and Applications Workshop

44th Annual Natural Hazards Workshop July 14-17, 2019 Broomfield, Colorado The <u>Natural Hazards Center</u> hosts the 44<sup>th</sup> Annual Natural Hazards Research and Applications Workshop bringing together over 500 federal, state and local mitigation and emergency management officials; representatives of nonprofit, private sector and humanitarian

organizations; hazards and disaster researchers; and others dedicated to alleviating the impacts of disasters. This year's theme, "*Convergence: Coming Together to Improve Hazards and Disaster Research, Practice and Policy*", focuses on the processes of people joining forces to respond to pressing challenges and enduring problems. *Registrations have begun* (early bird: *4 Apr*).
